

## **CHRIS & CAROLE WEBB**

We joined Kleeneze in July 2008 to earn an extra £50 per week so that we would have spare money for ourselves and we could also put some money to one side for our daughter Hannah who was 2 year old at the time. We did this so that anytime she wanted anything then she had money of her own without asking us for anything.

Myself and husband Chris both work full time with Chris working shifts and weekends whilst looking after our daughter Hannah.

We thought about getting a part time job in a bar or a shop but that meant that either one or both of us would have to do a night time job which meant we would not see our daughter and we would have to pay someone to look after Hannah which didn't make any sense.

We came across Kleeneze and decided to give it a go but the good thing about it is that we can earn money whilst spending time with our daughter. Within 3 weeks we made back our start up costs so we were making a profit within the 1st month.

Last year Chris decided to try his hand at the other side of the business which is team building we now have a small team and personally retailing about £1000+, we have just achieved 15% bonus level.

The 2 cheques below display what we were earning at the beginning when we first started and the other cheque is our most recent one.

Our goal now (which is on the Fridge to remind us each day) is to reach New York. We will reach this as we are determined to make a success of our Kleeneze career and make our Daughter proud.
