

# DENNIS & BEV

I started Kleeneze to supplement my wage and with the aim to better the lives of myself and my family. When I started I was working full-time as a warehouse operative (65hrs+ pwk). Kleeneze has allowed me to leave my job so I can help my wife, Bev who has some disability and still run my own spare-time Kleeneze business. My son James, who is at college, lends a hand as does Bev- so it's a family-run business. You can see from the cheque below we are earning good money & we intend to keep building. We now have regular customers & a team member.

If you want extra money and lose some weight I recommend giving Kleeneze a go - we are here for the long term because already we have replaced my wage, do less hours and aim to buy my own home. We've made some good friends in the process!  
**What do you want? - Why not start to achieve it now!**
