

# Dennis Puckering

Warehouse Operative

I started Kleeneze to supplement my wage and with the aim to better the lives of myself and my family. I currently work full-time as a warehouse operative (65hrs+ pwk) and attend college 2 days pwk. My wife, Bev, and son, James, also help- so it's a family-run business.

You can see from the cheques below we are earning good money & intend to keep building. We now have regular customers & a couple of team members. If you want extra money and lose some weight I recommend giving Kleeneze a go - we are here for the long term because eventually I would like to replace my wage, do less hours and buy my own home. We've made some good friends in the process!

**What do you want? - Why not start to achieve it now!**
