Teacher

I joined Kleeneze at the beginning of September 2008. I am a Primary School teacher and was devastated that my contract was not being renewed and I was going to have to go supply teaching. This meant that I would not receive another pay cheque until at least the end of October and this would be nowhere near the salary I was used to working full time. With a fifteen year old son still at home, I knew I had to find another source of income.

I had been purchasing Kleeneze products for several years from my distributor Peter Neesham and I had a vague idea of how the system worked so I decided to give it a go for myself. My initial thoughts were to earn an extra £100 a week to supplement what I could earn from supply teaching.

With very little teaching work available in September, it was a good time to start as I was able to throw myself in to the business straight away and with my husband's help and a great deal of support and encouragement from Peter, managed to retail over £1000 in the first three weeks. My 1st cheque from Kleeneze was £289.

Peter took me to the conference at Birmingham at the beginning of September. This gave me the opportunity to see the incentives that were available and the support within the company to achieve. The sky's the limit!

I believe that I have joined an amazing company with a brilliant support network. By following the system, my goal for 2009 is to become a Gold Distributor and my dream is to qualify for the European Conference in 2009. With Kleeneze, dreams can come true! Before I joined, I would not have believed what can be achieved but I have seen that it really does work. Why not join Kleeneze and give it a go. There is nothing to lose and a great deal to be gained. This is a fantastic and enjoyable opportunity to make yourself an extra income and gain new friends at the same time. Below is my latest cheque.
