## SELF-EMPLOYED GAS FITTER

Due to the recession my own business has suffered, so we were looking at ways that could supplement my earnings, but also had to be flexible around our 4 kids.

After reading an article in The Sun Newspaper about kleeneze we spoke to our distributors Ram & Sylv, who we knew, were always looking out for new agents.

We realised that the flexibility of working our own hours and deciding our own income was what we were looking for.

We set our income goal and below is our proof of income, which we are over moon with as this was achieved in 3 weeks and we achieved as a family all mucking in together to make it work.

All we can say is the support, help and sticking to the system that's in place has been brilliant.

Also the people we have met have been supportive, encouraging but most of all positive about there future.
