

# Mavis & Alan

**EX SALES / EX TV ENGINEER**

We started kleeneze in order for Mavis to give up her full time job in sales.

Not only did Mavis work but she was also spending time caring for her Elderly mum.

Time with our family while earning £300 - £400 per month was really Important to us.

We started off by just putting catalogues out twice per week which took about 15 Hours and soon realised that by talking to a few people like friends & family- even Customers – we could start to build a team.

We now earn over £1000 every 4 weeks and Alan has left his job as a TV Engineer. Thanks to Kleeneze, we have a decent income and we know that it can only grow.
