

# Pam & Shaun

*Self Employed Business Owner / Self Employed Plumber*

Shaun and I joined Kleeneze in June 2009. We are both self employed. Shaun is a plumber but with the credit crunch work has been very slow recently so we are looking to earn a little more towards the household bills. In our first 3 weeks we earned £240.91 just delivering catalogues and then collecting catalogues and processing orders. Our system is that Shaun does the deliveries and I do all the paperwork and order side of things

We hope to follow the plan and build the retail business over the coming months and start a team in the near future.

## October Update

With other work and family commitments we haven't been able to give as much time as we wished to Kleeneze but have concentrated on following the plan. We are building a solid customer base and look how our income has grown just by retailing. We are delighted to welcome our first team member this month and hope to convert some of the prospects we have spoken to.

The two best bits of advice we have picked up – 1. Follow the plan. 2. Focus on the activity and the results WILL follow.
